

Please Attend our Workshop:

SMRT® Sequencing for Smart Genomics

Hosted by

Georgia Genomics and
Bioinformatics Core
UNIVERSITY OF GEORGIA

PACBIO®

Friday, March 23, 2018

1:00pm – 5:00pm

Location: UGA Miller Plant Sciences Building
Room 2401

Attend for a
chance to WIN
PacBio
Sequencing!

Agenda:

- *Iso-Seq® Analysis: Full-Length Transcripts and Genome Annotation* – **Dr. Magdy Alabady, UGA GGBC**
- *Minor Variant Analysis and SVs Beyond SNPs* – **Dr. Andy Larrea, PacBio**
- *Using PacBio genome assembly to gain new insights into transposable element organization and evolution* – **Dr. Casey Bergman, UGA**
- “Base Modification Detection - Whole Genome and Epigenome” – **Dr. Steve Turner, Co-Founder and CTO, PacBio**
- PacBio Roadmap for the future
- Lightning Talks, Panel Discussion and Q&A

Refreshments will be provided – JOIN US!
